KEY COMPETENCIES

- » Stakeholder Management
- » Strategic Decision Making
- » Strong customer focus
- » System thinking
- » Including partners

SYSTEMS ENGINEER EXPERIENCED IN DIGITAL SOLUTIONS FOR AUTOMOTIVE.

PROFESSIONAL HIGHLIGHTS.

- Defining a BMW Group process for E/E Data Standardization.
- Active contribution to [COVESA](#), vehicle data standardization Open Source Project.
- Four successfully released in-car customer functions.
- Mentoring nine outstanding bachelor theses.
- Definition of BMW personal assistant architecture.

PROFESSIONAL POSITIONS.

- 01/2025 -
today

Data Steward – Vehicle Shadow | BMW Group
Vehicle Data Assets | EL-430
Providing and Owning Standardized Vehicle Data
 - » Governing Vehicle Data Ontology
 - » Linking Cross Company Data Models
 - » Data Governance (e.g. EU Data Act)
- 01/2023 -
12/2024

Lead Data Designer | BMW Group
Vehicle Data Infrastructure | EE-340
Standardizing Vehicle Data by E/E Group Process
 - » Process Architecture & Implementation
 - » Process Lead
- 11/2021 -
12/2022

E/E Data Architect | BMW Group
Data Strategy, connected Vehicle | EE-313
Standardizing Vehicle Data by ADAPT Middleware
 - » Process and System Architecture
 - » Variant Management
 - » Test Automation
- 04/2021 -
11/2021

Chief Quality Engineer | BMW Group
Intelligent Personal Assistant | DE-55
Voice Interface
 - » Project Management
 - » Total Quality Management
- 04/2017 -
11/2021

Specialist Function Development | BMW Group
Intelligent Personal Assistant | DE-55
Functional Owner intelligent comfort functions
 - » Intrapreneur at BMW
 - » Project management over V-Model
 - » E2E System Design & Architecture

SOFTWARE

VS Code & GitHub

» daily use @BMW
Project Management,
Software Development,
Versioning, Automation, AI
Agents and Skills, AI Token
Optimization.

PowerPoint

» daily use @BMW
Creating problem statements
and solutions, strategic
analysis to be understood by
management.

Atlassian JIRA & Confluence

» Project & Process Lead @BMW
Creating and Leading a Group-
Wide E/E Process, incl. Process
Management and
Documentation.

ALM OCTANE

» Functional Owner @BMW
Control and tracking of project
progress and SW quality.

QUALIFICATIONS

- Internal first aider
- Internal driving licenses

INTERESTS

- digitalization & entrepreneurship
- endurance sports
- personal development
- cooking & coffee

PUBLICATION

PATENT SPECIFICATIONS.

[WO2020083962A1](#)

Apparatus and control unit for automating a state change of a window pane of a vehicle.

[WO2020011655A1](#)

Method and System for Detecting Data in Vehicles.

[DE102018209967A1](#)

Verfahren [...] zum automatischen Einstellen einer Funktion in einem Fahrzeug.

EDUCATION

MASTER STUDIES.

Ø 1,4

10/2018 –
10/2021

M. Sc. Systems Engineering

University of applied sciences Munich

» Analysis, planning, integration and release of complex systems

» in parallel to professional position @BMW

Master Thesis: Influence of Frontloading on Software Development Efficiency

BACHELOR STUDIES.

Ø 1,9

10/2013 –
01/2017

B. Eng. Mechatronics

University of applied sciences Esslingen

» focus on automotive electronics

» SpeedUp: Future talent program, BMW Group

08/2015 –
01/2016

Technológico de Monterrey, Mexico

» experience of cultural differences, learning Spanish

Bachelor Thesis: Psychological Study about external perception of autonomous vehicles

APPRENTICESHIP.

Ø 1,2

09/2010 –
07/2013

IHK – Apprenticeship in Mechatronics

BMW Group | München, Deutschland

» Inhouse project lead, 4 Mio €

» Maintenance of combustion engine product lines

» Moderation of welcome and finisher events
